

Advanced Plumbing COVID-19 Health & Safety Practices

In light of COVID-19's spread throughout the community, Advanced Plumbing has made changes to our delivery of services in order to adhere to all health and safety recommendations made by public health authorities. Our plumbers now wear masks and practice social distancing in **all** customer homes and businesses.

Advanced Plumbing remains open to offer plumbing services across the Greater Toronto Area. We are committed to offering industry-leading service, and our skilled, licensed plumbers are available to tackle any plumbing project you may have in mind. Please give us a call at 416-769-8800, or [submit a form with us here](#), and we'll get back to you as soon as possible.

To all healthcare workers, and essential frontline workers serving the community during this public health crisis: Advanced Plumbing wishes to Thank You for all that you do each and every day. We wish everyone the best during these extraordinary times.
